The Bexar Grotto is dedicated to furthering the sport and science of caving through exploration, surveying, training in proper safety techniques, and encouraging cave preservation and conservation. We encourage fellowship for cavers and are a contact point for people that are interested in learning more about caves. We are an internal organization of the National Speleological Association and the Texas Speleological Association. Meetings are at 7 pm on the second and fourth Monday of the month at Chester's Hamburgers Party Room located at 16609 San Pedro on U.S. 281. The logo used for this newsletter was created by Joe Ivy.

Drive 2 miles north on U.S. 16 to the third traffic light and turn left onto FM 1560 (There's a Shell station on that corner). Follow 1560 for 3 miles to Galm Road. Turn right on Galm Road and drive 2 miles to the sharp turn in the road. The gate to GCSNA is straight ahead. Enter at the gate and then take the first right. There is an unlocked gate that will need to be opened and closed behind you. Continue to the ranch house where we will meet at 9 AM. If you need more information contact Marvin at mlmiller@gvtc.com
