HOW TO LOGIN TO RESTRICTED OR NSS MEMBER CONTENT

Your NSS Membership provides access to restricted content on the Internet. You use the same set of credentials in all places to login. Here are instructions on those credentials:

If you have never logged in before:

**Username:** Your username is your NSS Number with 'NSS' on the front of it (i.e. 'NSS99999')
**Password:** Your password is the zipcode on file for you (i.e. '90210')

If you have logged in before and changed your password:

Your password has not changed with the launch of the new site. Remember to put 'NSS' on the front of your NSS number.

If you need to reset your password:

Please [click this link](#) and enter your username or email to get a password reset.

If you still have issues please email nss@caves.org and/or webmaster@caves.org. The NSS' main office can be reached at **256-852-1300**

Login for CAVES.ORG:

Caves.org is the main website for the NSS and has restricted content such as:

- NSS Publications
- NSS Business Documents (Board Minutes, Officer Reports, Financials etc.)
- NSS Contacts

On caves.org, when you try to access restricted content you will see the prompt to the right and can use the credentials described above. You can also login by [clicking here](#).
Login for members.caves.org (The Membership Database):

The NSS also uses a platform called YourMembership that helps us manage our Membership Database. The content is on members.caves.org and allows you to:

- Join/Renew
- Updated Your Member Information
- Member Directory
- NSS Bookstore
- Change your password

Login information for these pages looks like the below screen shot but it uses the same login credentials that are described at the top of this document.

Need Help?

If you've tried password reset and still are having issues please reach out! We will get things resolved as soon as possible: Phone: 256-852-1300

Email: nss@caves.org AND webmaster@caves.org
