

US Exploration Session

2023 NSS Convention

Elkins, West Virginia

Call for Presentations

Have you been involved in new discoveries, and are ready to share it with the caving world? Consider giving a talk at the NSS Convention to share your experiences and inspire other explorers. This is a great forum to explain new techniques, organizational skills, or simply the high level of perseverance that is required to make significant new discoveries. These talks are often a source of motivation to other cavers who are facing similar obstacles, or it can be a great recruitment tool for your project. Talks are typically 20 minutes in length. Please consider sharing the accomplishments of your cave project.

Submissions:

- ▶ Send an abstract to Derek Bristol at derekbristol@gmail.com
- ▶ Abstracts should be no more than 250 words
- ▶ Indicate how much time is needed and any special equipment required
- ▶ Abstracts should be a summary of conclusions and results, not merely a statement of what the presentation is about
- ▶ Deadline for submissions: **May 15, 2023**

Session Date: Tuesday, June 27, 2023

Session Time: 8am - 5pm

Session Location: Auditorium
Davis-Elkins College
