

2023 NSS Convention

June 26-30 Elkins, West Virginia

Cave Photography Session

Call for Presentations

We still need more presentations for the Cave Photography Session at the Cave Photography Session at this year's NSS Convention. Remember these do not all have to be cutting edge. We have many new cave photographers who need to learn basic cave photography skills, as well.

Our deadline has been extended, but we need your titles and abstracts by **May 10**. Please send these to both:

Eugene Vale at eugenevale@socket.net
and
Ed Schultz at esch.sbar@gmail.com
