

## SKETCHING CONTEST - NSS CONVENTION 2026

A fun, competitive activity where you can practice your sketching skills in cave and meet other sketchers. A local cave will be open just for the contest during the day on Monday and Tuesday, and stations will be pre-marked. Sketchers and judges will have a group discussion on Thursday and judges will award prizes. Look for sign-up sheet with instructions and directions in the cartography area. Survey sheets provided.
